## Airframe Inspection & Maintenance Record

10	Tach Time	Total Time	Inspection / Maintenance Performed	
ate	.egistration: N8854J AC Serial Number: 28-2803 - Tach: 2694.11 Airframe TT: 4867.11 WO: IND8756 - Maintenance performed: Removed 8 Day clock, MX12, MC60 TKM Loc/GS, intercom, CP136, Narco Marker Beacon, vacuum driven attitude indicator, directional gyro and associated vacuum system, Installed dual G5 electronic flight instruments referencing Garmin G5 STC Installation manual 190-01112-10 Rev 30. Installed Garmin GMU 11 Magnetometer, GAD 29, GAD13, GA56 antenna, Glareshield GPS antenna and C307PS OAT probe referencing the Garmin G5 STC Installation manual 190-01112-10 Rev 30. Performed an electrical load analysis by measurement per Garmin G5 STC Installation manual 190-01112-10 Rev 30 and updated weight and balance records. Performed post installation checkout and calibration referencing the Garmin G5 STC Installation manual 190-01112-10 Rev 30 and pitot/static leak check per Piper MM.Date 11/11/2022 Installed GEM 602 referencing GEM			
	series installatio GNC 300XL ref GT50 Installatio TSO 35c p/N 20  Signature: Gregory Dodso	on manual Drawing ferencing Garmin mon/Operation Manua 00-066-0006 Revision	8258 VERSION 3.0.1. Ops check good. Installed and configured naunaul 190-00067-22 Rev D. Installed GT 50 clock referencing al rev 11/14/16. Installed PMA6000M referencing TSO C35d amount of the control
